5-18-2012

Hi Jessica;

I personally think a 20-year development schedule is reasonable and I can and will make that change to the eight (8) draft ROE's. That's really not a problem.

Glenda:

Would you or your staff print out a copy of this e-mail message from Jessica and place a copy of it, as a draft-ROE comment letter, in each of the eight groundwater permit applications – G4-35541 through G4-35548?

Thanks Glenda!

Stan

Subject: Comments on G4-35536, G4-35541, G4-35542, G4-35543, G4-35544, G4-35545, G4-35546, G4-35547 and G4-35548

Bob, Stan and Melissa:

Please accept this email as comments to the above referenced applications and draft ROEs. On behalf of JP and Jan Roan we believe the applications should provide a development schedule of 20 years. The original application requested 20 years in order to provide enough time for the build-out of 145 homes in the area. We believe this is a reasonable amount of time and is consistent with other approvals that Ecology has granted in the Upper Kittitas County area. I spoke with Bob about this yesterday and he asked me to follow up with an email to you all.

Thanks,
Jessica

Hi Donna;

Melissa and Chris forwarded me your comments to each of the 8 draft reports of examination for groundwater applications G4-35541 through G4-35548.

I think your request to increase the development schedule to 20 years is a reasonable and fair request. I'll make that change to each of the draft ROE's. Thank you for your comments, and best of luck to you with your future plans.

Telephone_No: 425-462-3276
Comments_of_Concern: I own land in Hidden Valley in Upper Kittitas County for which I would like to purchase mitigation water. I intend to build my retirement home in Hidden Valley. My retirement timeline is 20 years. I cannot afford to retire sooner.

This report of examination appears to allow only a 10-year timeline to put water to beneficial use. I am writing to respectfully ask that the timeline to put water to beneficial use be increased under this permit to 20 years. It is my understanding that Ecology has approved a twenty year development schedule for other permits issued for the Upper Kittitas County area.

I will be spending, for me, a large sum to purchase the mitigation water now required by the DOE for a well that was built and approved in 2005 and serves the community where my land is located. I want to comply with the mitigation rules put in place by the DOE. It seems reasonable to request a development timeline that allows for retirement planning and financial planning unique to the needs of landowners.

Thank you for your consideration.

Donna Scott.

Hello Mr. Conner:

Thanks for your comment on the draft reports of examination for groundwater permit applications G4-35541 through G4-35548.

You are not the only person who has commented that the 10-year development schedule is too short a development period for a development of up to 145 new homes in the Swauk Creek drainage. I agree with you.
- I will extend the permit development schedule to 20 years in the final reports of examination.

Please also note that if these permits are not fully developed at the end of the 20-year development period, state water law (RCW 90.44) provides for extension of groundwater permit development schedules for good cause.

Best of luck to you Mr. Conner, and thanks once again for your comment.

Comments_of_Concern: I own land in Hidden Valley. I want to buy mitigation water as soon as possible in

order to remove the uncertainty and stress the water issues of the last few years have caused me. Because I was hit hard by the recession, I will not be able to build my retirement home in Hidden Valley for a very long time. As a result, the timeline to put water to beneficial use in the draft ROEs is too short. I am writing to ask that the DOE increase the development timeline for these permits.

Thank you.

Mel Conner.

NOTICE OF APPLICATIONS TO APPROPRIATE PUBLIC WATERS

TAKE NOTICE:

That J. P. and Jan Roan of Ellensburg, Washington, on December 1, 2011, under Application No. G4-35536 applied to appropriate public waters, subject to existing rights, from up to 100 wells at the combined rate of up to 1,000 gpm for the purposes of incidental irrigation during the irrigation season and continuous single and multiple domestic supply for up to 145 residences. The application was subsequently split into Application Nos. G4-35541, G4-35542, G4-35543, G4-35544, G4-35545, G4-35546, G4-35547, and G4-35548 to reflect the different groundwater sources in the area.

On March 9, 2012, the applicant amended the location of both the proposed places of use and proposed points of withdrawal for each of the 8 applications. The points of withdrawal and the places of use are to be located within Sections 13, 14, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 31, 32, 33, 34, and 35, Township 20 N., R. 17 E.W.M.; Sections 3, 4, 5, 6, 7, 8, 9, 10, 16, 17, 18, 19, and 20, Township 19 N., R. 17 E.W.M.; Sections 1, 2, 12, and 13, Township 19 N., R. 16 E.W.M.; Sections 19 and 30, Township 20 N., R. 18 E.W.M.; and within Section 36, Township 20 N., R. 16 E.W.M.; ALL within Kittitas County, Washington.

The applicant proposes to rely on two portions of Yakima Basin Adjudicated Court Claim No. 00648, as specifically described in CS4-00648(AA) sb4-b and CS4-00648(AA) sb4-c(A) as mitigation required by WAC 173-539A-050 to offset the uses proposed by these applications. For additional information, please refer to the following website: <http://www.ecy.wa.gov/programs/wr/cro/sbwb.html>

Protests or objections to approval of this application must include a detailed statement of the basis for objections. All letters of protest will become public record. Cash shall not be accepted. Fees must be paid by check or money order and are non-refundable. Protests must be accompanied by a \$50 recording fee payable to the Department of Ecology, Cashiering Unit, PO Box 47611, Olympia WA 98504-7611, within 30 days from: March 22, 2012.

Attachments: Public Notice_G4-35541 through G4-35548.doc; Newspaper list.pdf

March 9, 2012

Dear J.P. and Jan Roan:

We received your water right application and assigned it Application No. G4-35536. The application was subsequently split into Application Nos. G4-35541, G4-35542, G4-35543, G4-35544, G4-35545, G4-35546, G4-35547, and G4-35548 to reflect the different groundwater sources in the area. Please include the numbers for the split applications in all future contact with us; it will help us serve you more quickly.

Your next step is to publish a legal notice. The notice announces your proposed water use to the public and allows interested persons to comment. We have prepared and attached this notice for you.

Review Legal Notice Carefully

It is your responsibility to check the notice carefully before having it published. If you find an error, please contact this office for resolution. If we later find an error in your public notice, you may be required to publish an amended notice at your expense.

Publishing Legal Notice

You need to arrange and pay for publishing the legal notice in a newspaper in Kittitas County.

- Publish the notice in a paper from the attached list.
- Select a newspaper with general circulation in the area the water will be used and diverted.
- Ensure that the notice appears once a week for two consecutive weeks.

If your published notice does not meet the above criteria, you will be required to have the notice republished at your expense.

Publication should start within 30 days from the date of this letter.

Next Step

You must request an *Affidavit of Publication* from the newspaper in which your notice appeared. The affidavit must be an original, notarized copy of your published notice. Please forward it to our office as soon as possible.

If you have any questions, please contact Teresa Mitchell at 509-575-2597.

Sincerely,

Ingrid Ekstrom
Water Resources Program

RE: Application No. G4-35536 (Roan), subsequently split into Application Nos. G4-35541, G4-35542, G4-35543, G4-35544, G4-35545, G4-35546, G4-35547, and G4-35548.

Dear Ingrid:

This letter is a request to amend the above referenced applications. Specifically, on behalf of J.P. and Jan Roan, we respectfully request Ecology to amend the applications in the following ways:

- *Section 3(C):* Please amend this section to reflect that the points of withdraw will be within:
Sections 13, 14, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 31, 32, 33, 34, and 35, Township 20 N., R. 17 E.W.M.; Sections 3, 4, 5, 6, 7, 8, 9, 10, 16, 17, 18, 19, and 20, Township 19 N., R. 17 E.W.M.; Sections 1, 2, 12, and 13, Township 19 N., R. 16 E.W.M.; Sections 19 and 30, Township 20 N., R. 18 E.W.M.; and within Section 36, Township 20 N., R. 16 E.W.M.; ALL within Kittitas County, Washington.
- *Section 4:* Please amend this section to reflect that the place of use is:
Sections 13, 14, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 31, 32, 33, 34, and 35, Township 20 N., R. 17 E.W.M.; Sections 3, 4, 5, 6, 7, 8, 9, 10, 16, 17, 18, 19, and 20, Township 19 N., R. 17 E.W.M.; Sections 1, 2, 12, and 13, Township 19 N., R. 16 E.W.M.; Sections 19 and 30, Township 20 N., R. 18 E.W.M.; and within Section 36, Township 20 N., R. 16 E.W.M.; ALL within Kittitas County, Washington.

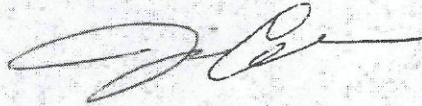

March 9, 2012

Page 2

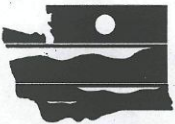

- *Section 6(A)*: Please amend this section to reflect that the applicant intends to request a Permit for 145 residences withdrawn from 100 wells.
- *Section 7*: Please amend this section to reflect that the total number of acres to be irrigated under this application is 1.664 acres. The applicant intends to request for a Permit for 145 residences, each with 500 square feet of irrigated area (72,500 square feet or 1.664 acres).

I assume that this letter is sufficient to amend the applications as requested. Please contact me if any additional information is required.

Sincerely,
MENTOR LAW GROUP, PLLC

appears to be errors in the POW + Place of use locations described in the application. - Jessica will review the notice + place of use/pow location.

Discussed Max total Q_i , Q_a , + # wells among 8 application. Non-additive w/ 1 additive Provision: Not to exceed. . . .

Discussed if applicant proposes to change/amend Q_i , Q_a , # wells, # connections, acreage, POV + POW, Section 7 + 6(A), adding an applicant, proposed mitigation.

- then
- additional time for HG work based on new Q_a
- priority date would change to date fiscal receives new fees

- would need to pay additional fees to reflect any increase in Q_i from proposed 1,000 gpm.

Discussed that to amend, would need submit ① a detailed letter requesting specific amendments, ② cover letter explaining which application as split into G4-35541 - 8 applications need to be amended + note submitted to CRO, + ③ check with a balance of fees.

I will get back to Jessica with a meeting time, feed back on amending the application to include an additional applicant, + a link to the fee estimator, + a copy of the draft notice prior to Friday.

Discussed

2/22 I called + left a message to follow-up on her public notice email from 2/17/12.

2/23 Discussed the need for 1 application per source + we are currently splitting the app. will then issue the public notice.

We went through application so that I could understand some of the applicants reasoning.

- She estimated # wells + Qi based on 10 gpm per well.
- wells listed are based on potential interest forms in the area, but actual signed contracts are, ~45-50
- She can provide updates on wells.
- Clarified that proposed well locations + place of use are the same = green area

Signed

Re: Water Right Tracking No. G4-35536

Dear Mr. Mentor:

We have received your request for a determination of water budget neutrality and have assigned it the number shown above. Please use this number in future communications with our office.

Please note that construction of your water system and water use should begin only after you have received written confirmation from Ecology that your project is water budget neutral.

If you have any questions, please contact Teresa Mitchell at 509-575-2597.

Sincerely,

Mark Kemner, LHG
